

Fine Motor Skills

Draw a picture of a maze. Then use a magnet on the back of your picture to move a metal counter or paperclip along the maze.

Can you keep to the paths you drew?

Fine Motor Skills

How many times can you tie and untie your shoelaces in 1 minute?

Fine Motor Skills

Use building bricks to make a pyramid.

How tall can you make it? How many brick will you need to make it a layer higher?

Fine Motor Skills

Find a picture you'd like to trace. Stick the picture to a window or glass door. Then using plain white paper over it, trace as neatly as you can.

The brighter the day, the clearer the image!

Fine Motor Skills

Play noughts and crosses with a friend. But for this game you are only allowed to have four of your symbols on the 4x4 grid at any one time. If you already have four, you must erase one before taking your next go! Try to get four in a row.

So, before x can take their next go, they must carefully erase an 'x' on the grid.

		x	x
		x	
o	o	o	x
		o	

Fine Motor Skills

Use toothpicks and sticky tac or playdough to make as many 3D shapes as you can.

How many shapes did you make?
