

Internet Safety Day 2020

‘Exploring Identity Online’
KS2

What do you think the word 'identity' means?

Identity is who you are and what makes you, you!

The way you look, your likes, dislikes and hobbies are all part of your identity!

When you are playing online how do you share your identity with others?

People all over the world use the internet.

So there are lots of different identities online.

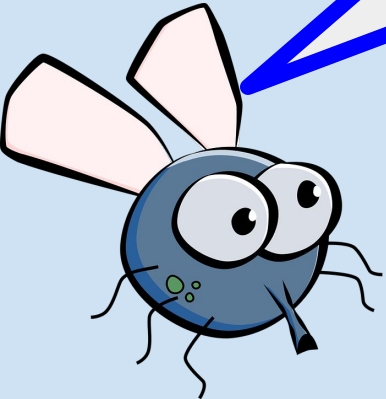

58% of people go online!

How do you ensure that you stay safe online when sharing your identity?

What roles do you think an
avatar plays when your online?
How do you think they help us
stay safe?

TTYP

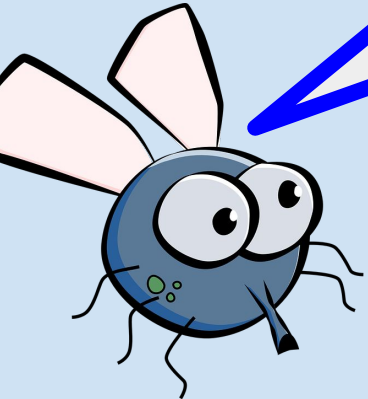

Let's find out how these
children create their
avatar!

<https://www.saferinternet.org.uk/safer-internet-day/safer-internet-day-2020/i-am-educator/film-what-does-my-avatar-say-about-me>

How are these children using
avatars to express themselves
online but still keeping
themselves safe?

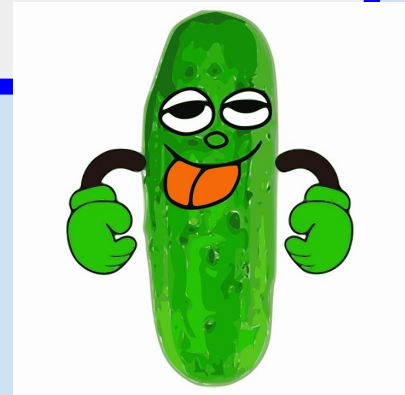

TTYP

When creating your avatar...

- Don't make the avatar look like yourself
- Create your avatar expressing your interests and likes

This will ensure that you are keeping yourself safe online!

TOP-TIPS

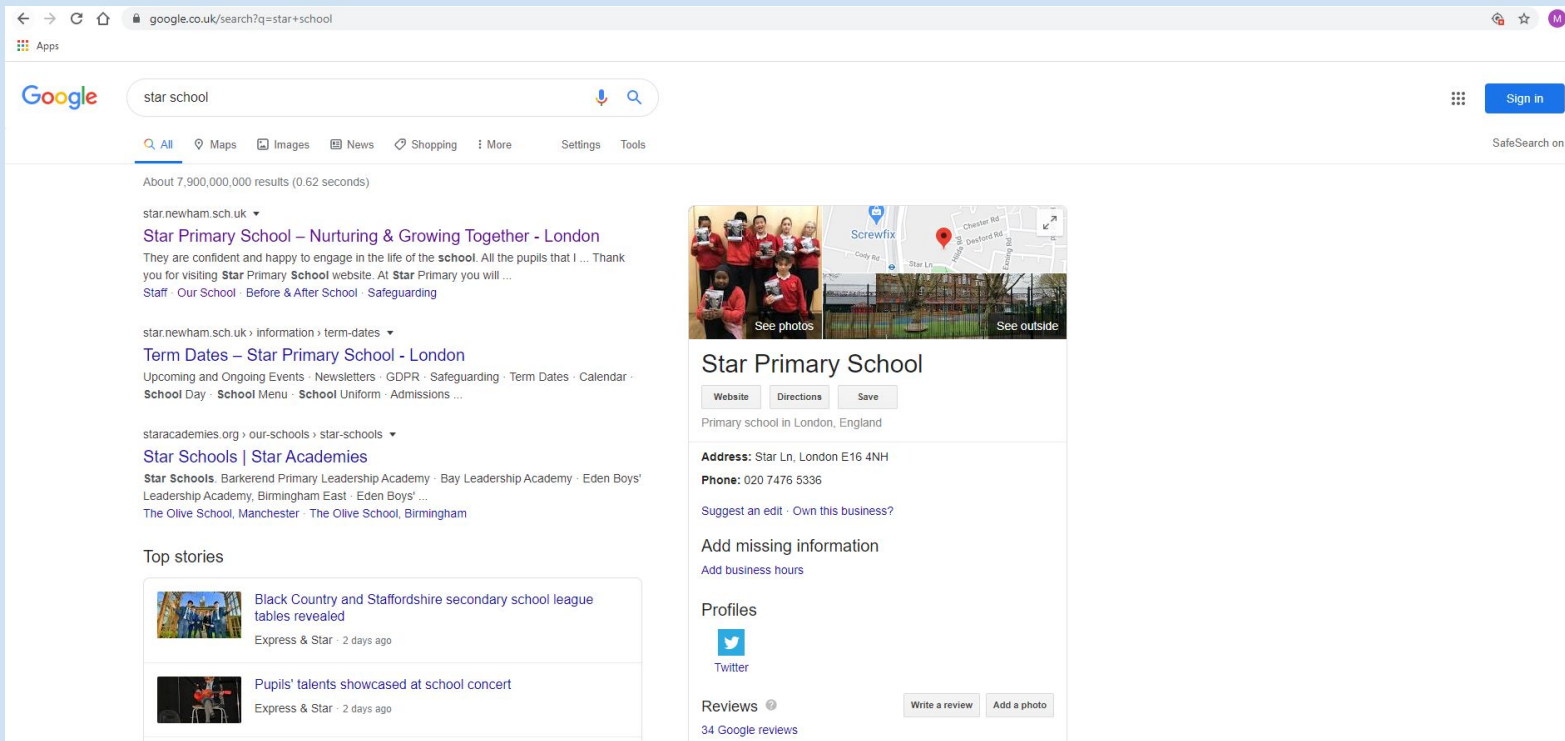

Tajah and De-Andra have some SMART tips that they would like to share with you to help you stay safe online!

Judgement

When you search something online and something different comes up you need to be able to judge whether its appropriate for your age or not. If you are researching on the iPads at school and you find websites you know you are not meant to be using immediately click off and go tell an adult.

When using Google search engine, always ensure that your have enabled (turned on) 'Safe Search'!

The screenshot shows a Google search for "star school" on the UK domain. The search results list "Star Primary School - Nurturing & Growing Together - London" as the top result. On the right side of the search interface, there is a "Sign in" button and a "SafeSearch on" indicator. A large grey arrow points from the top right towards the "SafeSearch on" text.

Access to this page is blocked by the current policy.

You may try to view the web page using another filter policy by logging in.

[USO login](#)

Why am I seeing this?

You are reminded that all use of the Internet is monitored and can be traced by IP address and authenticated username

LGfL provides a comprehensive web filtering service in support of schools' safeguarding responsibilities.

What can I do about it?

If you believe you should be able to access sites relating to Social Networking, please ask your school for permission. Your school [Nominated Contacts \(NC\)](#) can make/request a change via a [support case](#) or in the [WebScreen portal](#).

If the site you were trying to visit should not be in this category as it is not this kind of site, you can ask your NC to request a reclassification.

You may be interested to know that it is possible for your NC to set up different filtering at different times, with the creation of time policies.

Your IP: 10.194.228.162
Policy Group: 316-2066_Students
Time: 10 Feb 2020 08:35:57
Filter Server: nsef4.lgfl.org.uk

LGfL

Webscreen filters/blocks any inappropriate websites to ensure that we are always safe online at school.

Reporting

If when searching something up online, you find something you know is not appropriate for your age, you are now able to report it on an app named **CEOP** there is also another app named **THINK U KNOW**. These apps are to report bad websites and links that you find whilst browsing online. Reporting these things is important because it helps everyone make sure we are all safe when online.

How to stay safe online!

Make sure when online you don't share *personal information* online. This is unsafe because to do so and may put you in serious danger. If by any chance you come across someone asking for personal information you MUST tell an adult...who do you think you can tell?

If someone you don't know asks you for any form of your personal information, tell your parents, Miss Williams, Mrs Patel or any digital leader. If you are at home, type in think u know/ceop..

You can also go on to the school website and click on the CEOP link to report anything you are feeling unsafe about online!

Online Safety Portal for Parents and Schools – by the Childline, CEOP and National Crime Agency.

- Supporting materials, activities and links to educate children and adults about Online Safety.
- Guidance on how to deal with Child Exploitation and how to enhance online protection.

Online Safety Portal for Parents and Schools – by the Police, Child Exploitation and Online Protection (CEOP) centre.

- Multi-agency service dedicated to tackling the abuse and exploitation of children in the real and 'e' world.
