

Online Friends

I am growing up! 

This means I have friends. 

Friends are fun to have! I like to hang out with them. 

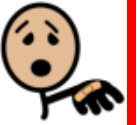

BUT, I have to be careful!!! 

Sometimes people who try to be friends with me online are not nice. 

It is NOT OK  to hang out with someone who I meet online.

It is NOT OK  to talk to people online that my parents don't know about.

Even if someone online seems nice, they could try to hurt me.

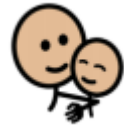

Even if they look nice, they could try to hurt me.

It is important to tell someone in my family or my teacher when someone online wants to be my friend.

My family and my teacher will keep me safe.

It is OK to hang out with friends from school.

It is OK to hang out with my family.

It is ok to tell my family or my teacher if someone

is trying to be my friend online

I will stay safe and NEVER
meet anyone who tries to be my friend
online without talking to my family or
my teacher.
