Get your feet, dancing to the beat, Get your body moving. Raise a shout (HEY!) Let your feelings out, It's another new day.

Together

We are here together, together, together, We are here together, **everyone.**

What we do together, together, together, What we do together, we **do as one.**

Every day, XX we work and play, XX Learning ways to get along. Finding out, what life's about, Everybody moving on.

When we play together, together, together, When we play together, it's **so much fun.**

When we work together, together, together, When we work together, the **jobs get done.**

Every day, XX we work and play, XX Learning ways to get along. Finding out, what life's about, Everybody moving on.

When we sing together, together, together. When we sing together, the beat goes on.

When we move together, together, together, When we move together, it keeps us strong.

Every day, XX we work and play, XX Learning ways to get along. Finding out, what life's about, Everybody moving on.

Put your hands together, together, together, Put your hands together, everyone.

Put your hands ...

Bright Blue Sky

There's a bright blue sky above the clouds, Though you can't see it.

There is sunshine though the chill wind blows, So you can't feel it.

There are cold seeds sleeping in the earth, That lies beneath your feet.

And they're waiting for the spring to come, To give them life and heat.

There's a bright blue sky above the clouds, Though you can't see it.

There's a bright blue sky above the clouds, You'd better believe it.

There's a bright new smile behind each frown, Though you can't see it.

There's a laugh to cheer you when you're down, But you can't hear it.

Ev'ry angry face is like a mask, That tries to hide away.

All the kindness, all the love and joy, That make a happy day.

There's a bright blue sky above the clouds, Though you can't see it.

There's a bright blue sky above the clouds, You'd better believe it.
