

## **Arts Award Discover Full Overview**

### **Part A**

You will complete 4 Discovering the Arts templates.

1. Drama / Actor
2. Dance / Dancer
3. Music / Musician
4. Artist or author

### **Part B**

You will choose your favourite actor, dancer/choreographer, musician, artist or author and create a slideshow exploring their work. You will research where they began, who influenced them, what they have done (with pictures and text) and most importantly, what about them inspires you. Be colourful, be creative, make it exciting.

### **Part C**

Choose an art form to do. You can choose 1 of the below:

1. Play a piece on your instrument on film.
2. Sing a song you have practiced in tune and in time on film.
3. Write a poem and read it out on film.
4. Choose a speech from a play that you like and read it out on film.
5. Create a dance and perform it to music on film.
6. Create an art work inspired by your favourite artist, ask parents to take 3 pictures of you completing the work, 1 at the beginning, 1 in process and 1 at the end.

You will then need to ask either a trusted friend who you share your performance with (maybe via zoom or google hangouts) or family member who watched your performance / art in process to help you complete a sharing template to show that you have shared your performance with someone. You may even help a friend complete their sharing template online.
