

Growing up and moving through school

When people are born, they are babies. Here is a picture or drawing of me as a baby:

Babies grow into children. When children are 4 or 5 years old, they are ready to start learning new things. They start Primary School so teachers can teach them new things. Here is a picture or drawing of me when I started Primary School:

Children at Primary School go into different classes as they grow older.

Reception → Year 1 → Year 2 → Year 3 → Year 4 → Year 5 → Year 6

When Year 6 is finished, children go to Secondary School. They need to go to a new school so they can keep learning new things. Secondary School starts at Year 7.

Year 7 → Year 8 → Year 9 → Year 10 → Year 11

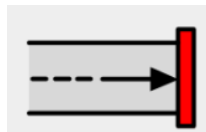

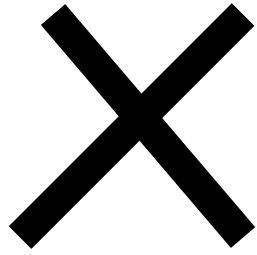

Year 6 will finish in July 2020.

When Year 6 is finished, I will not come back to Star Primary School.

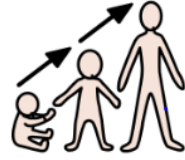

When Year 6 is finished, it will be time for me to start Secondary School.

At the end of Year 6 I will be able to meet some of my new teachers online or speak to them on the phone. I will see what my secondary school looks like in pictures or perhaps a virtual tour of the school!

My teacher, Ms Williams and Miss Oliver will help me if I am feeling worried or anxious and am in the Yellow Zone. I can cross off the days and months on my calendar so I can see when Year 6 will be finished.

Going to Secondary School is part of growing up. Just like I grew from a baby to primary school. I will be able to grow from primary to secondary school.
