Wednesday

Creative Activity - Year 4 Memories Paper Chain Challenge!

Today and tomorrow you will be making a paper chain full of positive year 4 memories to celebrate the end of year. This would have been your last week of term at school. Making a paper chain is easy. You just need to follow the steps.

Step 1: Cut your paper into strips. Each strip of paper will be a memory. So the more strips you cut the more memories you will have! Look on the next slide to find out what to do next.

You will need:

- Scissors
- Glue
- Coloured paper cut into strips. (If you don't have coloured paper you can also use any paper and colour it or decorate it instead to make it stand out.)

and

Wednesday

Creative Activity - Year 4 Memories Paper Chain Challenge!

Step 2: Once you have cut all your strips, write a memory from year 4 on each strip. It can be about your friends, something your teacher did that made you laugh, pieces of work you enjoyed making, a birthday, a playground game, a celebration at school, World Book Day, a club, a funny thing your friend did. The memory can be about anything really. There is just one rule! The memory should be one that makes you smile. Leave the bad memories in the past; don't bring them with you into the future! You can decorate each strip as you wish but don't write to the end of each strip. Leave a gap at the end. This will be where you put the glue when making your chain. E.g.

World Book Day was fun. My friend Dressed up like Spiderman.	
--	--

Leave the end of the strip blank. Glue will go here.

Step 3:

Apply a small amount of glue to the end of your first strip. Fold the other end over to make a hoop and press the two ends on top of each other like you can see in the picture. Get the next strip and loop it through the hoop, apply glue to the end and fold the other end over, pressing the two ends together. Repeat this process until you have used all your strips!

Step 4: Once you have completed your paper chain, take a picture and upload it to your folder on google drive if you can!

Thursday

and

Friday

Creative Activity - Class Awards

Over the next two days you will be creating some awards for children in your class. The awards can be based on something real or something just for fun. You will create 6 awards for 6 **different** people in your class. Do not choose the same person more than once. You will make 3 of them today and 3 tomorrow. Think carefully about your awards and make sure they are all something that you would be happy about receiving too. On the next slide are some ideas for different awards. Below is the information that each award must include.

Each award must include:

- Date
- Award name
- The words: **This certificate is awarded to:**
- Name of the person
- Reason why they are receiving an award
- Your signature
- Your award should be decorated in an attractive, eye-catching way

You will need:

- Pencil
- Colours
- 6 pieces of paper

Thursday and Friday

Ideas for different awards:

Once you have finished your awards, take pictures of them and upload them to your folder on Google drive. Your teacher will check them and will help you to share them with the person you made the award for. Happy awarding!
