

Week beginning

05/10/20

Year 3 Newsletter

STAR moments

What a fabulous week we have had in Year 3...

In maths we practised adding 2 digit numbers using partitioning and the column method.

We investigated what plants need to survive and even planted our own seeds in Science!

We explored emotive language through an introduction to Black History Month in English.

We have also been focusing on respect and how this looks in our classrooms.

In Art, we explored drawing with different materials.

The happy leaves went to

3S: Felicia
3P: Daniel
3D: Jovan
3J: Musab

This week's learning..

This week in Year 3 we are delving a little deeper into Black History Month by learning about Jesse Owens and his success despite being faced with discrimination.

We will be exploring subtraction in Maths through partitioning and exchanging tens and ones.

As Artists we are learning how to draw proportionally correct portraits and will explore charcoal and graphite pencils.

As Historians we are going to explore prominent events in Jesse Owens life; including his Olympic journey and life after the Olympics too.

As Scientists we are exploring the topic of plants. We planted our own seeds and will be focusing on photosynthesis. Ask your child about their plant journals!

Don't forget!

P.E is on Wednesdays.

Fit Friday is on Friday.

You need to come into school dressed in your P.E. kit on Wednesdays.
Return your Home Reading book to school each Friday.

Over to you...Home learning

Your Maths task is to write a word problem for $23 + 12 = 35$

Your Reading challenge is to find a poem linked to Black History.

I have assigned you a task on Google Classroom for Maths - addition and subtraction.

Keep in touch!
