

# Week beginning

05/10/20

# Year 4 Newsletter

## STAR moments

What a fabulous week we had in Year 4. 4D were the Times Tables champions last week! Who will it be next?

We have been revising our times tables, in particular the 4 and 8 times tables.

We begun a new topic in science, we will be learning all about electricity over the next few weeks.

We completed a wellbeing task and talked about how to stay positive and we created a display with the leaves we made.

The happy leaves went to  
4D Esey  
4R Scott  
4L Innayah

## This week's learning..

This week in Year 4 we are delving a little deeper into Black History. We will be looking into the life of Martin Luther King and seeing how human rights have changed over the years.

In maths we are reminding ourselves how to subtract 3 digit numbers using a variety of methods, for example column method and bar modelling.

We will be practicing more times tables and spellings, these are available in Google Classroom

As scientists we will be creating circuits and investigating how to make a bulb light up or a buzzer buzz.

Connected to our work on Martin Luther King, we will begin to explore speech writing and performing by looking into his life and creating portraits of the great man himself.

# Don't forget!

P.E is on Tuesday - Children need to wear their PE kit to school. Remember to bring in a jumper as the days are getting a little colder. Fit Friday is on Friday - don't forget your Fit Friday T. Shirt.

## Over to you...Home learning

Remember to use Times Tables Rock Stars, Mathletics and Bug Club at home. Read as much you can too. Practise your times tables and spellings - these can be found on Google Classroom. Paper copies of spellings have also been given to the children.
