Questioning

What makes a good question?

How can we find out lots of information?

TTYP:
Can you think of a question that starts with one of our question words?

With someone at home, think about what questions you could ask about this plane?

Would you ask this one the same things?

Planes through the years

1. The
flyer

Planes through the years

2. Jet fighter

In 1939, an experimental jet-powered plane debuted in Germany. During World War II, Germany was the first country to use jet fighters. De Havilland also designed fighter planes during the war years. He was knighted for his contributions to aviation in 1944.

Planes through the years

3. Boeing 747

On February 9, 1969, the Boeing 747-100 jumbo jet took to the sky for the very first time.

With that event, commercial air travel changed forever.

With the 747 and its wide body, dual-aisle interior, airlines greatly increased the volume of passengers it could ferry per flight.

Known as the Queen of the Skies, the [Boeing 747](#) ruled the skies for most of its life [↗](#).

How did the arrival of Concorde change air travel in the 1970s?

Planes through the years

5. Flying car

2011 Worlds First Flying Car-The two-seater Transition can use its front-wheel drive on roads at ordinary highway speeds, with wings folded, at a respectable 30 miles per gallon. Once it has arrived at a suitable take-off spot - an airport, or adequately sized piece of flat private land - it can fold down the wings, engage its rear-facing propeller, and take off. The folding wings are electrically powered.

Activity time: Order these planes from old to new.
Place them in the table below.

oldest

newest

--	--	--	--	--

Choose 2 or 3 planes to write a sentence about. Use these words to help you in your work.
