## STAR moments

What a great week of learning!

In English, we have been exploring what Howard Carter might have said and thought upon discovering Tut's treasures by writing letters!

In History, we wrote our names in Hieroglyphs using the Ancient Egyptian alphabet!

In Science, we investigated which materials would be best for a pair of sunglasses to be made from. We then designed our own pair!

In Maths, we have been using the column method to subtract three digit numbers with renaming.

This half term our focus is on positive relationships and our Happy Leaves went to:

3J: Zain  
3D: Adam  
3P: Mathew  
3S: Shaynul

## This week's learning..

This week in English, we are focusing on using our reading comprehension skills to understand a text at a deeper level. We will also be recapping our understanding of grammar and vocabulary.

In RHSE we will be celebrating all of the wonderful positive relationships we have formed in class by choosing people to award our happy leaf to!

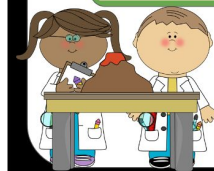

As Mathematicians, we are looking at addition and subtraction using bar models to help us visualise and solve word problems.

In Design and Technology we will be using different materials to design and create an Egyptian Shaduf.

If you have answered 'yes' to any of these questions then you **MUST** enter our brand new science competition!
