

Weekly Newsletter - 11/12/2020

Dear Parents,

Despite the pandemic school continues to thrive. We have now elected our School Council representatives for each class. As a Rights Respecting School we fully appreciate the importance of the pupil voice, and congratulate the children who have been selected by their peers to represent their class.

Our Reception and Nursery children have been preparing Festive Assemblies which will be shared with you next week. Please take this opportunity to share these with your child and reflect upon the importance of family and friends at this special time of year. We also remember those who have lost loved ones this year, we hope they find comfort and peace.

You may remember an Ofsted Interim Visit on 4th November. This was not an inspection but a visit by Ofsted to gather information regarding how children have been returned to school following the lockdown. You shall receive the link via Parentmail if you wish to read their factual report.

Please continue to remain safe and follow government guideline relating to Covid 19.

Best wishes

Mrs Poulteney

Christmas Dinner

Thursday 17th December

Last day of school.

Friday 18th December - Friday 1st January

School closed for the Christmas Break

Monday 4th January 2021

Start of the Spring Term

School Council

Our School Council comprises of 21 children from across both Key Stage 1 and 2. Each classroom democratically elects one member to represent them at School Council meetings. It is the School Council member's responsibility to ensure they discuss issues with their classmates and feed this back to the school council. Each member acts as a link between their classmates and the school council sessions.

The members aim to virtually meet on a weekly basis; their goal is to make Star an engaging, captivating and inviting place to be! The meetings are chaired by different members of the council – they discuss issues that are experienced throughout the school and attempt to solve problems that arise.
