

# Week beginning

14/12/20

# Reception Newsletter

## This weeks learning...

We are looking forward to having lots of fun this week and getting ourselves in the festive spirit!

We have been working hard to prepare and create a class assemblies. Please refer to the upcoming ParentMail on how to view them.

In Maths, we are ordering numbers 0 - 10. We will use both objects and the numeral. We will also explore 2D shapes and use them as part of our Christmas crafts.

The happy leaves went to:  
**RB:** Hussain for coming into school with a positive smile and attitude.  
**RT:** Aida for having a positive attitude and being a kind friend.  
**RC:** Rimjim for always being cheerful and a great friend.  
**RP:** Daniel for building positive relationships with the other children.

## STAR moments...

Look at what we've been up to last week:

We are making a Santa sleigh!

We are making snowflakes!

Hamza uses the stethoscope to make sure Sarlene is healthy and happy!

It's a chair for Santa!

Adrian and Areesha work together to build with the large construction.

Last week in Maths we looked at the number 10 and explored which of 3 objects was the tallest and shortest, before ordering them.  
*Ask your child all about it!*

## Don't forget!

Now the weather is turning cold, please ensure your child is dressed appropriately. Our children enjoy the outdoors in all weathers so please ensure they come to school with hat, scarves and gloves and remember to label them.

All children return to school on **Monday 4th January** after the Christmas break. On behalf of the Reception team we would like to wish you all a happy holiday!

## Over to you...Home learning

Over the Christmas break try to read a little every day. You can read books from home or log into **Bug Club** for books allocated to your child <https://www.activelearningprimary.co.uk/login?schcode=r-bxylsc-0>

Practise some Maths - help to count out objects at home, do some festive cooking or go on a shape hunt at home. Also keep looking on **Mathletics** for activities too <https://login.mathletics.com/>

Upload a video or a picture of your work into your Google Drive folder: <https://drive.google.com/drive/folders/1SnclbrvKdzLjptWyskVKS7Jx5TtDK55UE?usp=sharing>
