STAR moments

We have some Star moments this week! Everyday we check attendance and we can see that **1M and 1P** had 100% attending the online learning sessions on Monday 25th last week! A big well done to those classes! We want to see 100% attendance from all classes this week! We can do this!

We are delighted with the whole of Year 1 as we have seen some progress in pupils uploading work. Keep up the amazing work!

This week...

The week beginning 1st February 2021 is Children's Mental Health Week, and we need to take the time to really support our children's mental wellbeing, especially during these times. We have created some activities that you can follow with your child. A letter will be sent out!

In Maths we will be learning about addition and subtraction up to 20. You can practise this at home by using everyday objects! In Literacy we will be moving onto the next book, so keep an eye out on Google Classroom for this. For our foundation subjects this week, we are going to be learning more in Art, Religious Education and Geography. In Geography we will be looking at how we can help our environment. In Art we will be having a drawing masterclass on animals. In Sikhism we will be learning about the 5 k's.

As a reminder, we ask that you join us everyday for **three** live learning lessons and complete the assignments as it is a compulsory requirement. We all know how important daily learning is for our pupils.

- We are posting lots of useful information on Google Classroom every day - weekly timetable, assignments for the day, announcements on the 'Stream'.
- Please arrive 5 minutes before your live lesson, no earlier. Have your camera **turned on** and mic on **mute**.
- Please come to all live lessons dressed in your school uniform so that we are ready for learning.
- On Monday afternoon, there will be P.E and Music live sessions. These lessons are compulsory and you must attend them every week. Absences will be counted. Check the timetable below.
