

Weekly Newsletter - 19/03/21

Dear Parents and Carers,

This week we have seen a real difference in how confident the children are coming into school. You are all doing a great job of supporting them in getting back into school routines.

We are still concerned about the number of parents who are not wearing masks when dropping or collecting their children from school. I cannot stress enough how important this is in the community. This small step will dramatically reduce the chance of spreading the virus to other parents you come into contact with. Please support this.

I have been very pleased not only with the attendance of children over the past two weeks, but also with the punctuality of children arriving for school. Getting to school on time really makes a big difference in helping the children get set up for a positive day. Since we have introduced the earlier start times, this has greatly improved, so keep up the fantastic work.

Thank you for your continued support.

Parents to take Lateral Flow Test

<https://www.gov.uk/order-coronavirus-rapid-lateral-flow-tests>

As parents/carers or in a childcare support bubble, the Government is encouraging you to take a lateral flow test at home twice a week to further prevent the spread of covid. Around 1 in 3 people with Covid do not have symptoms. Rapid lateral flow tests help to find cases in people who may have no symptoms but are still infectious and can give the virus to others.

The test involves taking a sample from you tonsil and throat using a swab. You get your results within 30 minutes. Please follow the link to order your home testing kits.
