## STAR moments

We have had a fantastic week in School! We've been very busy learning about poetry, bringing poetry to life through role play and writing our own poems for World Poetry Day! We have enjoyed measuring ourselves and comparing our heights in maths and exploring Judaism in RE.

Our Happy Leaves this week will begin to focus on Achievement and Success! Can you remember what achievement and success looks like?

This week's recipients are:

**3P:** Jorge  
**3J:** Zain  
**3S:** Felicia  
**3D:** Elijah

## This week's online learning:

This week in English we will be recapping our knowledge of spelling, punctuation and grammar. We will also build on our understanding of reading comprehension.

As Mathematicians, we will be consolidating our learning over this past term including looking back over multiplication and division, addition and subtraction, length, mass as well as volume and capacity!

As Geographers, we will be looking at how Joan Miro and surrealist art has influenced Spain especially Barcelona.

As Artists, we will create self-portraits inspired by surrealist artwork.

In Computing, we will be rehearsing our poems and focusing on performance skills and delivering the poem confidently.

In RSHE this week we will explore the barriers Walt Disney over came to achieve Success. How did he help himself? Who helped him?

As Readers this week we will put our reading comprehension skills to the test by skimming and scanning to answer questions based on a Fiction and Nonfiction text.

Our Spanish lessons will still continue this week! What things can you remember from the last few weeks that you can bring with you into the lesson?
