Year 4 Newsletter

STAR moments

Last week the children worked very hard in all their lessons but in particular in English. On Monday the children were asked to write a poem without any input from their teacher. They amazed us with their work. We would like to share one with you.

This was written by Matthew in 4D

Love

Love, love, love, love
At one time there is a boy
And a girl, love, love, love
Times when you're breaking apart
Love, love, love
There's a time for everything
Love, love is so true
Believe in it
Love, love, love
About people coming together.

Our happy leaf recipients for achievement and success are:

4D: Matthew
4R: Harsimran
4L: Aayan

This week's learning:

This week is assessment week. The children will complete a grammar and spelling test as well as two reading comprehension tests. There will be three maths tests to complete and these will take place across the whole week. We try to complete the tests in the morning when the children are fresh. In the afternoons we will be learning about sound in science and enjoying some very practical lessons around this topic. Year 4 children will complete their artwork, inspired by Andy Warhol, they are looking amazing! We will ask the children to take a photo of their finished piece and load it to their Google Drive so you can see it at home.

We will continue to learn about the festival of Easter in R.E. Our online visitor last week was fantastic and the children were very engaged in the lesson where they were taught the Easter story through drama. The children's home learning projects are due in on Friday, we are looking forward to seeing their completed work. P.E. and music continue on Tuesday and Mrs Marshall has said what an amazing year group this is and mentioned how well the children are performing body percussion. During our Fit Friday session the children will continue to learn about cross country running and learning techniques how to build stamina to run for a longer period of time.

Don't forget!

The children will continue to participate in P.E. and music on Tuesday mornings and all children will be expected to attend school in their P.E. kit which they will wear for the whole day. Fit Friday will also continue and again children are expected in school wearing their Fit Friday t-shirts.

Over to you...Home learning

The children have already begun to work on their independent project which they can continue to complete at home. All finished projects need to be handed in by Friday 26th March ready for our class sharing assembly and prize giving. Please remember to carry on with Mathletics, Times Tables RockStars and Bug Club and to work on spellings that are sent home each week.

Keep in touch!
