

Weekly Newsletter - 23/04/21

Dear Parents,
Welcome to the start of the Summer Term! It has been such a positive week here at Star Primary and I think that a little bit of sunshine has lifted the spirits of our whole community. We have started to talk about our RIGHTS with a focus on **TRUST** this term. Children will soon be bringing home their Trust Postcards and we can't wait to see all the different ways that they have shown trust outside of school. I would like to thank all those parents who completed the school survey last term. The lucky parent winning the £50 Morrison voucher is one of our Nursery parents. We will be contacting you next week to arrange the voucher. I don't need to tell you how happy I am to see that **96%** of parents would recommend our lovely school to another parent!

Lost property... we have mountains of it. Please note this will be put in the main playground at hometime next week and then if not collected we will need to send it to a charity shop as we cannot store this many items at school. Please label all your child's uniform clearly. Have a lovely weekend.

Best wishes
Ms Von

*Nurturing &
growing together*

Easter Club 2021

During the first week of the Easter holidays, we were delighted to host a Department for Education pilot scheme for a select number of pupils from our school community.

The children took part in a whole host of exciting events run by members of school staff. From fascinating experiments, creative arts to sports, Easter Club had something for everyone!

A real highlight of the week was that the children loved starting the day with a nutritious breakfast and were the first to sample the delicious lunch options from our new lunch provider - Olive Dining.

Each child left Easter Club with wonderful memories and new experiences under their belts. Both staff and adults commented that they wished it would have run during the second week of the holidays too!

Royalty Day

On Wednesday 21st April, Reception celebrated Queen Elizabeth II's birthday by holding a 'Royalty Day'. Over the Easter holidays pupils designed and created their costumes for Royalty Day. At school, Reception enjoyed role playing with and talking about their fantastic swords and crowns! Throughout the day pupils took part in some exciting workshops. They explored how to design and create a sword, understand the different parts of a castle and how to build one, using our bodies in different ways to fight like a knight and of course, making a feast fit for a king!
