

Dear Parents,

The last week has certainly been short and intense. I hope that all of our families managed to have a lovely bank holiday weekend despite the weather.

I was really pleased to see clubs for Year 6's starting up again this week. We are hoping to continue to open more clubs to other year groups after the May half term, as covid restrictions are eased even more. I would like to draw all parents attention to the **free breakfast offer** (advertised in this newsletter). We are really very lucky to be working with magic breakfast to be able to supply free breakfast provisions to families. We know that times have been really tough lately and this is a completely free offer open to all our parents on a first come first served basis. All you need to bring along is a carrier bag to carry your breakfast supplies home in.

Finally, a reminder about attendance. It is really important that all children attend school everyday. I am very pleased to see the attendance reach over 95% again but I'd love to see us reach 97%! Have a lovely weekend.

Best wishes
Ms Von

Returning to the Dinner Hall:

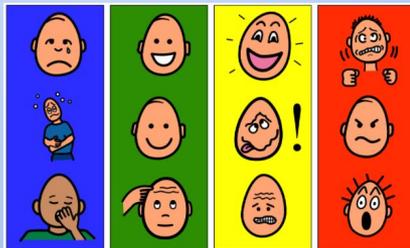

We are very excited to announce that as of next week, all children from Year 1 - Year 6 will be returning to the dinner hall for their lunches. As you know, we have a new catering provider, **Olive Dining**. The children have told us that they really like the new tablecloths and the atmosphere created with the trays and porcelain plates. The individual fruit pots are also a big hit. Please encourage your child to try the new choices on offer and if they usually have a packed lunch, ask them to try a school dinner.

Let's use the same language

Every day we use 'Zones of Regulation' to help our children identify, express and use strategies to support their self-control and emotional regulation in a non-judgmental and safe way.

Children learn emotional language to help them talk about their feelings so that they can manage these emotions and feel calm and ready to learn. We have to remember that no 'Zone' is bad and that all feelings are important to talk about. 'Zones' are also a great to use at home to check-in with how everybody is feeling.
