Some highlights from this term's learning:

As part of our learning this term, we have designed, created and tested our Coracle boats, gathered and entered data onto a Google Sheet to create a bar graph and studied rocks around our school building.

Our final Happy leaves for this half term are:

3P: Sarah
3J: Mohamed
3S: Anaya
3D: Aayana

Next term, our HAPPY LEAF focus will be on **Positive Relationships and Support!**

This week's learning:

This week in English we will begin to look into our new curriculum topic which is "Healthy Hearts", and start with a recount of our healthy eating day!

As Mathematicians, we will be continuing our fractions topic; comparing them between one another and placing them on number lines.

In Big Reading, we will delve into our new story Jim's Lion. We will be making predictions and will be inferring information from the front and back covers

As Geographers, we will be looking at a map of our local area and identifying the features and Ordnance Survey (OS) symbols.

In R.E, we will be discussing stories and quotes that have meaning which can teach us valuable life lessons.

In R.S.H.E, we will be focusing on the word "privacy" and discussing statements which may require us to think, such as having online passwords and whether or not they should be private.

In Science, we are going to be diving in to our new topic of Animals including Humans. Our focus for this week is looking at the types of foods that humans need and the Eatwell Plate.

This week in Computing, we will be looking at how to give instructions to another person, and what information they need to follow those instructions.
