

Week beginning

14/06/21

Reception Newsletter

This weeks learning...

The Reception children have come back to school amazingly and eager for our new topic - Healthy Hearts. We will continue reading *The Very Hungry Caterpillar* and are excited for the arrival of our very own caterpillars! We are going to look really closely at them, making observational drawings and use clay to make our own caterpillars. In Maths, we will be doubling numbers and objects and using the language of 'the same amount again'.

The happy leaves went to:
RB: Punnosri for being able to listen and taking account of others ideas.

RT: Julia for starting a new school so confidently and making great contributions.

RC: Raiqardas for being an amazing and supportive friend.

RP: Hannah for being a super supportive friend who helps others to achieve.

STAR moments

Look at what we were up to last week:

Can you help me? I need to lift it over the pole to make the roof.

We have been helping Mr Tanner to paint some pallets. We are going to put them together and create our very own car wash! We can't wait to use the sponges and soap to clean all of our bikes and scooters!

Hannah helped Daniel in the sandpit to build a tall tower. They worked together to find a way to stop the tower from falling.

Both parts are equal, they are the same.

We have been learning how to cut something in half. We made our own jam sandwiches and then found different ways to cut it in half.

School Attendance

RB - 97% RP - 91%
RC - 94% RT - 84%
Your child needs to attend ALL sessions to get 100% attendance.

WELL DONE RB!

Don't forget!

If your child has borrowed some school clothing please return it back to us once it has been washed. Thank you!

Remember to apply sunscreen before school and send in a sun hat. Don't forget to write your child's name on it!

Over to you...Home learning

Try to read a little every day. You can read books from home or log into **Bug Club** for books allocated to your child.
<https://www.activelearnprimary.co.uk/login?scode=rfxy/sc=0>

Keep improving your child's maths at home by logging onto **Mathletics** for activities too. <https://loginmathletics.com/>
