Reception Newsletter

This week's learning...

As Autumn approaches, the children in Reception will be reading different stories and poems about the new season. They will also have the opportunity observe changes in weather and explore the natural world in our setting. They will be able to describe what they see, hear, feel and smell. We will spend lots of time in our Star Garden discovering what creatures are living there.

We will also learn how to stay safe on the internet and the importance of not sharing personal details.

We will also practise our mathematical thinking skills by matching and sorting a range of objects according to different properties.
