

Week beginning

07.02.2022

Year 5 Newsletter

STAR moments

This week's happy leaves go to:

5R: Ahyan, for using coping skills to complete work independently demonstrating effort and resilience. Well done Ahyan!

5T: Jeremy, for caring about others by sharing coping skills with a friend who needed help.

5P: Inayah, for using her coping skills to help her overcome challenges when completing her Maths work. She has grown her knowledge of mathematics greatly by always trying her best and never giving up. Keep it up Inayah!

School starts at 7:50am each morning and finishes at 2pm each day.

Don't forget to wear your school uniform.

Online learning this week is...

As mathematicians, we will end the term by finishing our topic on graphs. We will continue to look at data sets by determining relationships between them. We will interpret information presented on a line graph, where the data is represented by more than one line.

As writers, we will be using our knowledge of persuasive writing to create campaign about the effects of forest fires on our planet, humans as well as animals and their habitat. The children will be creating their very own logo, slogan and using their oracy skills to act out their campaign.

Next Tuesday is Internet Safety Day! The theme this year is: **All fun and games? Exploring Respect and Relationships Online.** We will be having class discussions and workshops exploring why the internet we must always be respectful online and offline. To show their support, the children are encouraged to wear one green item of clothing.

Don't forget to enter the video making competition. There are many PRIZES to be won!

In RSHE, we will continue to focus on how coping skills can help us through difficult situations and what strategies we can use to calm ourselves down.

In RE we will think what we can learn from ancient stories, how can we apply this to our modern day lives? We will also think about our beliefs and those we would never deny.

In Art, we will be evaluating our final works, a painting with collage based on Climate Change. We will consider the effectiveness of our techniques and how our work was inspired by collage artists we researched, Andy Goldsworthy and Ed Young.

Tuesday 8th February 2022

You only need to wear one item of green clothing to show your support!

Don't forget!

Remember swimming is every Friday this term!

You must bring a swimming cap, appropriate swimwear (no bikinis or long shorts), a towel and a plastic bag for wet items. Swimming lessons are a part of the Nation Curriculum and all children must attend as it is a statutory requirement. Please speak to the class teacher if you need any support.

You still need to wear your Fit Friday kit on Friday.

Over to you...Home learning

Don't forget to log on to Mathletics and complete the work assigned to you each day!

Continue to improve your reading skills by logging onto Bug Club each day. Remember to share a chapter from your favourite book with someone at home too.

Strive to achieve your bronze, silver or gold awards on Times Tables Rockstars too.

Keep in touch!
