

Week beginning

23/05/2022

Year 4 Newsletter

STAR moments

Another successful week in year 4! The children worked hard and have shown great engagement in every lesson especially those involving the Romans. In design and technology the children have been designing and creating a backdrop and foreground for the Roman chariot they have made. This week they will use their knowledge of levers and linkages to make them move.

Ask your child what they have learnt and enjoyed this week. Our happy leaf recipients for support are:

4H: Viviane
4R: Sarah
4L: Falak

This week's learning:

As mathematicians, the children will continue learning about mass, volume and length. They will be finding out how to convert between different units of measure for mass, measure length in centimetres, convert between metres and centimetres and metres and kilometres. The children are also learning to recall times tables facts quickly. Try this at home, how fast can your child answer a times table question? As writers we will be completing our work on the Romans and the children will be producing a polished fact file they have been researching and creating over the past few days. As scientists we will continue learning humans and identify the different types of teeth and their simple functions. In History we will be looking at why the Romans left Britain and continuing to look at the legacy they left behind. In R.S.H.E. the children will ask themselves, how can I complete tasks independently? We will be learning what independence looks like and how does this link to our prior learning. We will also challenge the children to complete a target.

Friday 27th May

Please join your children at 12:45 for an afternoon of cake and games to celebrate the Queen's Jubilee. Please note that your child will only be dismissed at 2pm. Don't forget to wear RED, WHITE AND BLUE!

Don't forget!

As you are aware children are allowed to bring a bottle of water into school everyday to help them stay hydrated throughout the day. Please do not send your child to school with a glass bottle as they are very easily smashed when dropped.

The children will continue to participate in P.E. and music on Tuesday mornings and all children will be expected to attend school in their P.E. kit which they will wear for the whole day. Fit Friday will also continue and again children are expected in school wearing their Fit Friday t-shirts.

Over to you...Home learning

Please remember to carry on with Mathletics, Times Tables RockStars and Bug Club and to work on spellings that are sent home each week. Try to read with your child throughout the week and ask them questions about what they have read. Practise the times tables with your child, they need to recall them within 6 seconds of a question being asked. Have a go as a family, how quick are you?

Keep in touch!
