

Week beginning

06.06.2022

Year 5 Newsletter

STAR moments

This week's happy leaves go to:

5R: Sofiya, for continuously working with high levels of effort throughout her learning, particularly in Maths, where Sofiya has worked extremely hard on her self-confidence! Well done Sofiya!

5T: Delfina, for making such a great start at Star Primary School! She uses great initiative and independence in her learning, alongside taking on a whole new language.

5P: Elliot, for consistently trying his best when attempting challenging Mathematical problems and having the self-confidence in himself to keep going and never giving up. Keep up they great effort Elliot!

Our new topic is...HEALTHY HEARTS!

Our next topic is all about being healthy and active!

As writers, we will be exploring a range of explanation texts based around mental wellbeing and meditation. The children will have the opportunity to explore the texts through drama and role-play, to help them gain a better understanding about the texts.

As readers, the children will begin to explore the adventure story based on Rory who suddenly turns green and becomes a superhero after he eats broccoli!

In Maths, the children will be exploring length and measurement. Children in year 5 will have the opportunity to measure objects and learn about equivalent measurements. For example: 25cm is the same as 0.25m.

In DT we will begin our journey into become bread makers! We will look into different types of bread from around the world and see where they fit into our food diet. This will all lead to us forming research teams to plot out our own recipes and baking our own loaves of bread! To tie into this during our art lessons we will be working toward creating our very own clay bread bin.

As Scientists we will be looking at the changes in humans as we grow older. We will be focusing on what happens as we grow from adults into our older years and the effects of aging. As well as this we will be comparing the pregnancy length and gestation of human with other animals and giving reasons as to why this is.

In R.E. we will be looking at the impact of the figure of Jesus and how it can effect and shape the lives of Christians. We will see what we can learn from bible stories and whether they give good advice on how to live.

In R.S.H.E. we will be learning all about self confidence. We will be exploring what this means and how we can become more self confident as individuals.

In Computing we will be focusing on how to balance our screen time with a healthy and active lifestyle. To do this we will be doing Computing Unplugged! We will be creating our own Rover named Milo out of lego and we will develop our coding knowledge to program his movements!

Don't forget!

PE is on **Wednesday** so you need to come into school dressed in your PE. kit with black trainers!

Fit Friday is on **Friday** so you need to come into school dressed in your Fit Friday kit with black trainers!

School starts at 7:50am each morning and finishes at 2pm each day.

Don't forget to wear your school uniform.

Over to you...Home learning

Don't forget to log on to Mathletics and complete the work assigned to you each day!

Continue to improve your reading skills by logging onto Bug Club each day. Remember to share a chapter from your favourite book with someone at home too.

Strive to achieve your bronze, silver or gold awards on Times Tables Rockstars too.

Keep in touch!
