This week's learning...

Shared Reading: We will continue to read our text *The Bubble Boy* and answer reading comprehension questions.

English: We will be using our extensive research of the heart and the circulatory system to write our explanation texts related to a healthy lifestyle and our Science focus. We will be using all the key features of explanation texts after which we will also create a visual representation of our explanations in the form of a labelled diagram or flowchart.

Maths: This week we will be celebrating Outdoor Maths week applying our Maths skills in lots of fun and exciting ways. Don't forget to practise all of your Maths skills this week in preparation for the Maths quiz on Friday morning.

Science: This week we will be continuing to explore the circulatory system and master the human anatomy by carrying out investigations and research into the human body and its organs.

Geography: This week we will investigate the human and physical geography of Canning Town and how it has changed since 1950 until today.

DT: We will investigate sheep farming as it is one of the key elements of the Welsh economy and dishes such as laverbread, cawl (soup) and crempog (pancakes). Children will design Welsh-inspired dishes.
