

Weekly Newsletter - 24/06/2022

Dear Parents and Carers,
It has been a very **ROCK and ROLL** day here at Star as we held the finale event to our Outdoor Maths Week. I've just loved seeing the children dressing up as rock stars (and the staff just love getting involved). Thank you for your wonderful efforts and good luck getting out the hair dye later on! So many exciting things have happened this week that I hardly know where to begin. There have been lots of trips and workshops all centred around the Healthy Hearts theme. Children have gotten very active and it would be great if you could continue to encourage this at home. A good diet and an active lifestyle would really benefit all our children. We are encouraging more and more children to cycle, scoot or walk to school. We have ordered a few more scooter parks and will be improving the cycle storage for Year 1, 2 and 3 soon. Next week we are looking forward to some good weather for Sports Day. Make sure your children come to school everyday so that they don't miss out on all the excitement.

Best wishes

Ms Von

Outdoor Maths Week + Rock Stars Day

We have enjoyed a fantastic week at Star this week celebrating Outdoor Maths Week. There has been a real buzz about maths and it has been wonderful to see every year group so engaged and excited about their outdoor learning. The week has really helped to showcase that maths is truly all around us!

The week ended on such a high today with Rock Stars Day. We were completely blown away by the effort the children put into their costumes to really get into the spirit of the day – thank you for your support! There were some very exciting events held throughout Rock Stars Day including year group quizzes. It was a truly special day and left the staff in no doubt of how lucky we are to teach such talented mathematicians at Star Primary!

Year 1 trip to Barleylands Farm

This week year 1 visited Barleylands Farm to celebrate their learning of D.T. The children had a wonderful time exploring the farm, feeding the animals and making pizza. This was a fantastic experience for our children!

Year 5 Sports Festival

A group of our year 5 pupils took part in the Eastlea and Rokeby Sports Festival this Week. Well done to Darcie and Zain who were awarded Sports Boy and Girl of the day.

Science at Star

This week was a very exciting week for Science and our Healthy Hearts theme. The year 6's had a truly inspiring circulation and Heart Dissection workshop with Hands On Science where children independently dissected a lamb's heart. To name a few, they also investigated the function of the heart and how to keep it healthy as well as looking at the circulation of blood through the heart and lungs.

The year 4's had a super workshop with some students from the Science School ELUTEC investigating the impact of sugar on teeth as well as the digestive system and how to determine a healthy or unhealthy diet from poo!

Important Dates:

Tuesday 28th June - KS2 Sports Day
Thursday 30th June - EYFS & KS1 Sports Day
Monday 11th July - **Festival of Voices**
13th July - Year 6 Awards Evening
13th July - Meeting the New Teacher
Wednesday 20th July - School closes early at **12:00pm** for Summer Break

ROCKSTAR DAY 2022
