This week's learning...

This week we will continue to focus on how we can stay healthy. We will look at how we can keep our teeth healthy and which foods makes our teeth strong and healthy.

We will also explore clay and have a go at making a healthy fruit or vegetable using clay. Children will also look have a go at trying different fruits and will be encouraged to describe how they taste. It'll be a week full of fun!

STAR moments...

Look what we have been up to:
