

Week beginning

11/07/2022

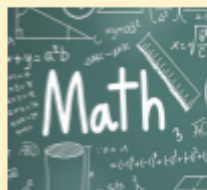

Reception Newsletter

This week's learning...

Wow! Our last full week in Reception! We can't believe how quickly it has come around. This week, we will be enjoying our last full week together whilst carrying out lots of fun and exciting activities.

During our maths lessons, we will be solving real life problems and applying our Maths skills to answer them.

Following on from our DT learning last week, we will be painting our clay caterpillars! This will be a great opportunity to decorate our clay caterpillar in anyway we wish! We will also finish retelling the story of The Very Hungry Caterpillar using our actions!

We are really looking forward to our last days together in Reception. We are so proud of each and everyone one of you. Let's have a fantastic last week together!

STAR moments

What have we been learning last week?

We're making a cake for our friend's birthday!

It is clay day today!

We are working together to solve number problems!

We dip our fingers in water to connect the caterpillar parts together and secure them in one piece.

I am cleaning our clay caterpillars.

We made caterpillars from clay!

Well done for everyone's amazing efforts with behaviour and attitudes towards learning. This week, our happy leaves for SUPPORT go out to:

RA: **Azalea** - for being a fantastic learning partner, always supporting them during learning and play activities. Well done!
RB: **Mirna** - for being a very supportive learning partner during Maths lessons as well as being a superstar tidier!
RS: **Melisa** - for always supporting her peers during learning and play activities. What a fantastic role model!

Don't forget!

- **Please ensure your child brings their reading folder into school every day. It is also very important that you read with your child every single day!**
- **Please complete the homework that is being sent home every Monday and return it on the Friday!**
- It is going to be a very hot week! Ensure your child is wearing appropriate clothing and suncream. They can also bring in a sun hat, as some of their learning happens outdoors.
- Remember 'Meet the teacher day' is on Wednesday 13th July!
- Please return ALL reading books and folders by Friday 15th July. These are not to be left at home over the summer holidays. Thank you for your cooperation!

Over to you... Home learning

- Make sure to log on to Mathletics and complete the work assigned to you each week!
- Continue to improve your reading skills by logging onto Bug Club each day (sadly, very few children have been doing this).
- Please use the reading record provided to record each time you read with your child.
- Complete the homework in your reading folders by Friday!
