INTRODUCTION

This policy is written within the framework of the Health and Safety at Work Act 1974 and its subsequent Regulations. It is to be read in conjunction with the Safety Policy of the London Borough of Newham and the Education Department.

It will be reviewed, added to, or modified when necessary and may be supplemented in appropriate cases by further statements related to the work of the school. Copies and subsequent amendments will be available to all employees. The phrase "employee" includes all paid staff whatever their management function.

The success of this policy depends on the active support of all employees to achieve its objectives.

1.1 The Policy Statement

The Head Teacher will be responsible to the Director of Education for the implementation management and monitoring of the Policies and Procedures of the London Borough of Newham, The Education Department and the School.

As Site Manager, the Head Teacher recognises and accepts responsibility to, as far as is reasonably practicable, provide a safe and healthy workplace and working environment for all employees, pupils, visitors and others who may be affected by the work of the school.

In discharging responsibilities, the Head Teacher will pay due regard to relevant Regulations, Codes of Practice, Guidance Notes and professional advice.

The Head Teacher similarly requires all employees to recognise their responsibilities to take care for the safety of themselves, other workers, pupils, visitors and others who may be affected by the work of the school and to cooperate fully with the Head Teacher and the employer in achieving this policy.

The Head Teacher as Premises Manager accepts responsibility as far as is reasonably practicable for the effect of the school's activities on the safety of contractors and others whilst working on school premises.

The Head Teacher similarly requires contractors and others when working on school premises to take all reasonable care for the protection of their employees, school staff pupils, visitors and others who may be affected by their work.

1.2 General Responsibilities

The Head Teacher will be responsible to the Director of Education for the implementation, management and monitoring of the relevant policies and procedures.

The Head Teacher will cooperate with and maintain appropriate levels of communication with the Director of Education and council services.

The Head Teacher will approve and monitor any arrangements made by school line managers to discharge their responsibilities, as well as monitoring the outcome of any arrangements he/she may make. Line managers will take all reasonable measures to assist the Head Teacher in carrying out this health and safety policy. So far as is reasonably practicable, they will ensure that those under their control and the areas in which they work are safe and that those employees under their control fulfil their responsibilities.

Employees have the duty to take reasonable care for their own health and safety and of others who may be affected by their actions and/or omissions: they are to cooperate with the London Borough of Newham and Head Teacher and line managers to enable them to maintain a safe and healthy workplace. Disregard or failure to comply with safety instructions shall be a breach of disciplinary rules and dealt with accordingly.

The Head Teacher will liaise with the Governing Body in matters where its responsibilities relate to the Health and Safety at Work Act. The Governing Body must comply so far as it is within their power to do so with the LEA's safety policies. Should the Governing Body fail to discharge any responsibilities related to the Act, the LEA will take necessary action and, if appropriate, charge the school's delegated budget accordingly.

All first aid/minor injuries occurring to children of statutory school age must be entered into the book kept in the Medical Room. A separate book is kept in the nursery and in the first aid hut in the playground. Any minor injuries occurring to pupils/staff requiring First Aid or referred to First Aid must be entered into this book by the person who administered the treatment.

All staff should note the position of alarm points and fire fighting equipment in the areas in which they normally work.

Each room has a Fire Notice beside the door. This notice details the nearest evacuation route. All staff should note the instructions given in regard to the areas in which they work.

The evacuation procedure will be practised at regular intervals during the school year and reported at staff meetings, briefings and meetings. All procedures are available to all staff via the Google Drive.
