

# Week beginning

## 05.12.2022

# Year 6 Newsletter

## STAR moments

This week's Golden Lunch pupils are:

**6V: Ava 6S: Leornis 6R: Radost 6H: Elena**

This week's Happy Leaves are awarded to:

**6R: Stefan** for being a curious mathematician. He explores and investigates how he can work out a problem by looking for patterns and connections. He is able to work out the correct strategy needed and can explain his mathematical reasoning. Well done Stefan.

**6S: Matthew** for showing independence in his learning. Matthew is becoming more confident in his abilities, and as a result, is now producing work of a much higher standard. He is independently checking his own work for errors and uplevelling without any prompting. Keep it up Matthew!

**6V: Inayah** for her imagination when performing a script about Ancient Greece. Inayah was extremely creative because she was able to include gestures and changed her intonation to perform her sentences. I had never thought that there would be an actress among 6V pupils!

**6H: Esey** for his ability to contribute to class discussions with thoughtful and critical questions that deepens the learning. Esey shows excellent independence and critical thinking in his work, especially in our Maths topic on fractions. Well done, Esey.

**P.E is on Tuesdays** so please come to school dressed in your P.E. kit with black trainers.

### **Rights Article 24:**

Every child has the right to the best possible health. Governments must provide good quality health care, clean water, nutritious food and a clean environment and education on health and well-being so that children can stay healthy.

## This week's learning...

**Shared Reading:** We will be using our retrieval and inference skills to read a variety of texts focussing on echo reading, deepening our understanding of ambitious vocabulary and giving our opinions using evidence from the texts.

**English:** We will identify the features of script, we will create a Vlog script - which will be recorded using Green Screen- and edited it on Imovie.

**Maths:** We will conclude our work on fractions then move on to decimals.

**Science:** We will be investigating the polarity of cells and seeing how it affects motors.

**History:** We will be exploring what life was like in Ancient Greece.

**RE:** We will be investigating important religious leaders in the world.

**RSHE:** Our final lesson of the term will be about how to keep healthy and respectful relationships, in and out of school, online and offline.

**Next Friday, Year Six will be completing an end of term Maths assessment. Remember to ensure your child gets a good night's sleep and eats a healthy breakfast to enable them to do their very best.**

## Reminder - Outward Bounds residential trip April 2023.

If you would like your child to go on this trip, then please provide consent via Parentmail by **Friday 9th December 2022**. A deposit of **£20** must be received by **Friday 27th January 2023** to secure your child's place. Places will be offered on a first come, first served basis.

## Over to you...Homework

Do your work on Mathletics, TT Rockstars and Bug Club. Remember to read every day and make sure to bring your reading book to school daily. Access the Oxford Owl spellings that are taught in class from home. Log on to the following website and build on your spelling strategies.

<https://www.oxfordowl.co.uk/> Username: star year 6  
Password: spelling  
<https://app.satscompanion.com/login>

Maths: Multiplying and dividing fractions.  
Grammar: Simple, compound and complex sentences.
