

Week beginning

20.03.2023

Year 6 Newsletter

STAR moments

This week's Golden Lunch pupils are:

6V: Everts 6S: Scott 6R: Stefan 6H: Emanuely

This week's Happy leaves are awarded to:

6R: Salma for really excelling during our English and Shared Reading lessons. She understands and uses the grammatical structures we are learning in her writing and answers questions that require more in-depth answers by using evidence from the text. She is constantly putting her hand up to answer questions and really engaging in all her lessons. Well done Salma!

6S: Abubacarr for his outstanding attitude to learning! Abubacarr always has a positive outlook on learning and is ready to meet any challenge! He constantly looks for ways in which to drive his own learning and challenge himself - a great trait to have ahead of secondary school!

6V: Daniel for his positive outlook towards Shared Reading. Everyday Daniel is willing to volunteer to read passages from books and read from the perspective of different characters: he changes his intonation to suit the character, changes the volume and manages to immerse the listeners into the plot. Very well done Daniel!

6H: Nathaly for her excellent attitude towards her learning in Maths. Nathaly has been taking her SATs preparation with a determined and positive mindset which is helping her confidence in her math abilities. Well done Nathaly!

PE is on Tuesdays, so please come to school dressed in your P.E. kit with black trainers.

This week's learning...

We will be having our Mock SATs tests in Grammar, Spellings, Reading and Maths from Monday 20th March till Thursday 24th March.

Please support your child to do some regular revision so that they feel confident and motivated to take the tests.

Please also encourage early bedtimes and healthy breakfasts to boost children's memory and concentration.

Geography: We will be identifying the human and physical features of the Lake District.

RSHE: We will be identifying how we can achieve and be successful by creating a passport to success. We will also be setting ourselves SMART goals and finding out what can be learnt from failing.

Computing: We will be exploring how to use technology safely, responsibly and respectfully and identify acceptable and unacceptable online behaviour. We will also be identifying a range of ways in which we can report any concerns.

Art: We will be completing our collages on climate change that will include carving a slogan on lino and printing.

Remember to talk as a family about how to stay safe in the digital world. There are lots of online safety resources available on our school website.

<https://star.newham.sch.uk/parents/online-safety/>

Please ensure your child is at the school gate by 7:45am! At Star, we now have Brighter Starts breakfast and singing in class from 7:50 - 8:00am every morning to support your child with starting the day with as much energy as possible.

Over to you...Homework

Complete your 2 Arithmetic papers and practise your spellings.

Maths: Compare different 3D shapes, find unknown angles in triangles, quadrilaterals and regular polygons, 3D shapes and nets, co-ordinates, drawing, translating and reflecting shapes.

Grammar: Punctuation, apostrophes, hyphens and dashes.
