

Week beginning

15.05.2023

Year 5 Newsletter

STAR moments

This week's happy leaves go to:

5RP: Vy, for always supporting others. Vy was a fantastic partner during Computing, she explained concepts really well to her peers and ensured that they completed the tasks to the best of their ability. Well done Vy!

5T: Zakariya, for all his help during computing week. Zakariya grasped the computing outcomes very quickly and I could trust him to help others who were struggling whilst still encouraging them as well.

5N: Murilo, for actively participating in our King's Coronation celebrations with interest and enjoyment. He confidently led his group during discussions about the monarchy and produced some quality outcomes!

Our new topic is...Global Treasures!

As mathematicians, we will be moving on to learning about the different types of measurement units and how we convert from one to the other.

As readers, the children will continue following the story of Gunner, the Viking Boy and exploring the hurdles that he faces.

As writers we will continue focusing on 'Non-chronological Reports'. The children will have the opportunity to gather research and write their own non-chronological report about the Vikings.

As scientists, we will be exploring how mixing can lead to a reversible and an irreversible change. We will also be learning about how materials can be separated using sieving, filtering and evaporating; as well as this we will be exploring how some materials will dissolve in liquids to form a solution.

In RHSE, we will be about how to rise to challenges and talk about what confidence looks like.

As historians, we will be investigating why the Anglo-Saxons invaded Britain. We will then move on to learning about why the Vikings attacked Lindisfarne.

Don't forget!

P.E is on **Thursday** so you need to come into school dressed in your P.E. kit with black trainers!

Remember to wear your Fit Friday kit on Friday!

Please ensure your child is at the school gate by 7:45am! At Star, we now have Brighter Starts breakfast and singing in class from 7:50 - 8:00am every morning to support your child with starting the day with as much energy as possible.

Over to you...Home learning

Don't forget to log on to Mathletics and complete the work assigned to you each day! Continue to improve your reading skills by logging onto Bug Club each day. Remember to share a chapter from your favourite book with someone at home too.

Strive to achieve your bronze, silver or gold award on Times Tables Rockstars too.
