

Week beginning
03.07.2023

Year 2 Newsletter

Important events!

This week we will be starting the day with a 10 minute run. Children will enter the school as normal and teachers will meet them on the field. Please make sure your children are at school on time!
School will be open as normal on Wednesday but will be closed on Friday due to the NEU strike. Next week will be as normal.

Star Moments

This term we are modelling support!

2S: Bohdan, you have become a fantastic friend in the playground and to all in Year 2. He supports his friends outside of the class by giving great advice and helping them reach their goals from learning new games to making new friends.

2U: Jasmine, you have modelled support to your peers by being a good friend to them all. You're always there to offer support if they ever are stuck. You remind them what they need to do and that really supports them. You also support me by asking if you can tidy up our classroom and it's wonderful to have such a great helper in 2U, well done and keep it up!

2V: Raigardas, you have been supportive during table group activities by encouraging those around you to 'try their best'. It has been so great to see the impact of your positivity on others. Well done!

2P: Rose, you have been doing such an amazing job at supporting yourself more in class! You are gaining so much more confidence that you are now putting your hand up for when you need something or want to say to something! Keep this up!

Our learning this week...

English: We will be starting our second cycle of the term. This will link to our healthy hearts theme as we will be looking at recipes and their key features.

Maths: As mathematicians we will be revisiting word problems. We will use our understanding of number, measurement, time and other topics in maths to help us work through 1 step and 2 step worded problems.

Science: In Science, we are going to be learning about living things with a focus on humans. We will explore how healthy eating and exercise are important in maintaining a healthy body, mind and lifestyle.

Don't forget!

Please encourage your children to practise their spellings for 5 minutes and well as daily reading. Each week children will get a range of homework that needs to be completed and handed in on Friday morning.

Please also continue to encourage your child to complete their tasks on our online learning platforms including Mathletics, Bug Club and Times Table Rockstars.

Home learning

Remember to keep completing your home learning! Here are the apps to download!
