

Week beginning

06/11/23

Year 4 Newsletter

STAR moments

The children have come back after the half term break very eager to continue their learning. What a week it has been! We have started to read the book *Oliver Twist* by Charles Dickens in our English lessons and hope to use this story to inspire our journalistic writing. We have had a fantastic work learning about coping skills in our R.S.H.E. lessons that ran everyday last week. Ask your child what strategies they know on how to cope in difficult situations.

Golden Lunch

4H Shaanveer
4S Khadija
4L Ashaz

This week's happy leaves are awarded to

4H Maxim
4S Rafael
4L Joseph

This weeks learning..

In our English lessons this week we are beginning our newspaper work. We have been reading the story *Oliver Twist* by Charles Dickens and the children will be reporting on a part of the story to create their own newspaper articles.

We are continuing our Maths - No Problem! scheme where we are working on multiplication skills. The children will work in their workbooks and demonstrate their understanding of their learning in their maths journals. This week in RE we will learn why the Bible is important to Christians and describe how beliefs / stories from the Bible impact people's lives. As Historians, the children will create timelines to show when in history the Industrial Revolution occurred. As Engineers, in our Design and Technology lessons, we will investigate LED lights and create electrical circuits using Crumble circuit boards and coding on the computers. In Shared Reading, we will be concentrating on comprehension skills and teaching the children how to quote directly from the book they are reading to answer questions. Our book this term is a nonfiction book about the Industrial Revolution.

As musicians the children are preparing for a special performance at the end of term which we are looking forward to sharing with some of the elder members of our community. More news on this will follow soon!

Don't forget!

Please remember we are taking part in 'Cut your carbon' month for November. Scan the QR code for more details!

Over to you...Home learning

Log on to **Mathletics** and complete the work assigned to you each day! Log in details are in your reading record.

Continue to improve your reading skills by logging onto **Bug Club** each day. Remember to share a chapter from your favourite book with someone at home too.

Strive to achieve your bronze, silver or gold awards on **Times Tables Rockstars** too.

Keep in touch!
