WEEK BEGINNING: 16.10.2023

THIS WEEK'S LEARNING

We are looking forward to the last week of Reception for Autumn 1. We will be starting another one of our core book called 'It's Okay to Be Different'. This book will allow children to understand that it's okay to be you and be proud of that!

During our maths carpet sessions, children will learn how to count forwards and backwards from 1 to 5. We will do this through a variety of practical activities!

Last week we met **Problem Solving Pedro**. He is special because he can problem solve either by himself or with his friends. He is able to think critically on how to approach a task. Can your child try and solve a problem at home by thinking critically?
