

Weekly Newsletter - 03/11/23

Dear Parents and Carers,
 Apologies that you are receiving the newsletter slightly late this week. It has been a super busy start to the next half term. We are focussing on **INDEPENDENCE** as one of our key Rights this half term as well as taking a deeper look at **COPING SKILLS** as part of our PSHE curriculum. It would be really fantastic if you could let us know via the postcards, how your child is showing these qualities at home.
 For the month of November we are also taking part in a Reduce your Carbon Initiative. I was delighted to hear so many children telling me what they are doing in class as well as at home to help reduce carbon emissions. I'm also very proud of the staff getting involved.
 I have been meeting with year groups to discuss pupil progress, attendance and achievement this past week. We have discussed how we can further support families to ensure that children make the most of learning opportunities. As part of this work we will be inviting parents to a series of workshops focussing on improving Children's Attention and Engagement. Of course the best thing you can possibly do is ensure your child is in school on time each day. Lets see if we can improve on last weeks attendance percentage of 93.4%
 Have a wonderful week ahead.
 Ms Von

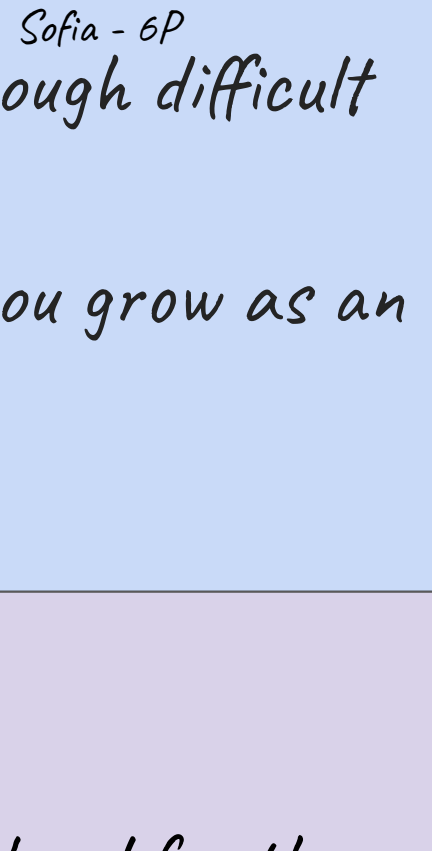

Article 1

As part of last half term's Online Safety, you and your family learnt about the SMART rules -how to keep yourselves safe in the digital world. The last of the 6 videos ends with 'being smart with a heart'

Year Six Pupil Leader Weekly Reflection

This term, we are focusing on **INDEPENDENCE**. Never give up! Try and try again. What does being Independent mean to you? Dressing yourself? Walking home alone? Coping through difficult situations?

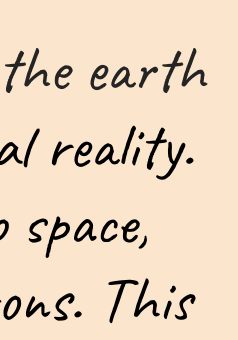

Sofia - 6P

Remember, independence helps you grow as an individual.

Dates for Your Diary

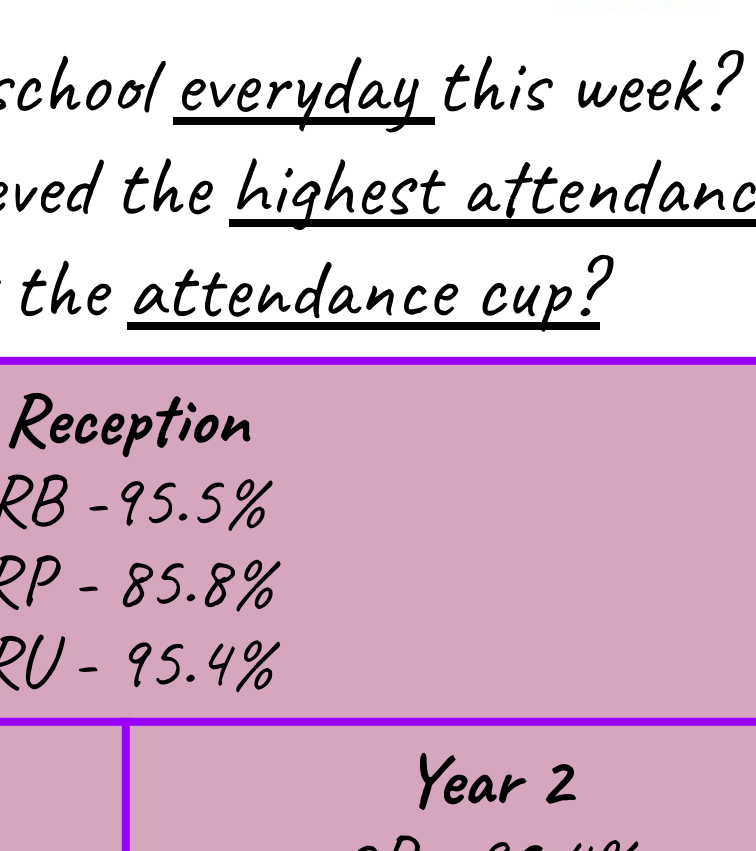

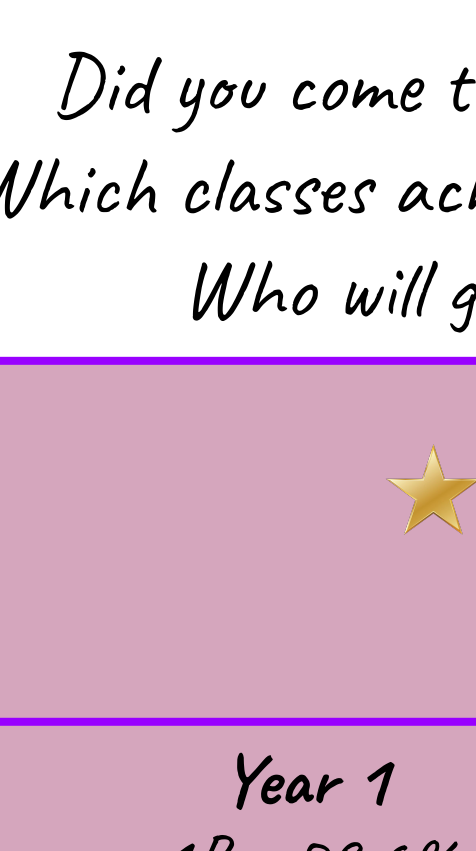

30/11/23 - Star Winter Market
 20/12/23 to 03/01/24 - School closed for the Winter Break

04/01/24 - Start of the Spring Term

Year Five - Space VR

Year Five were joined by Space VR this week to orbit the earth and visit the solar system through the power of virtual reality. The whole year group were simultaneously blasted into space, piloting their research vessels around planets and moons. This incredible immersive experience really boosted learning and we remembered so many facts. Some of us were even inspired to become the next generation of scientists and astronauts who may one day blast off into space for real!
